8. ITEMS FOR DISCUSSION

a) 1st Quarter Statistics – Inspector Karl Duewel

- Inspector Duewel noted that these statistics presented are from January to March of 2023. The numbers have changed since then and will be reflected in the 2nd Quarter statistics that will be presented at July's Police Services Board meeting;
- Foot patrol hours were at 22.2 hours. He is hoping to see an increase in those hours for the Summer months;
- Property crime has increased;
 - This increase is due to the number of theft under \$5000 and mischief calls for service;
- Drug crime has increased;
 - He noted that possession charges for any drug are being dismissed by the Federal Crown at first appearance. He will be looking into why this is happening and reporting back to the Board;
- Calls for Service in the community have increased and he attributes this to more people coming into the community;

SIOUX LOOKOUT Hub of the North

- Sexual assaults have decreased in the community;
 - He attributes this to the hard work of the Sexual Assault task force's work in the community;
- Theft under \$5000 calls for service have increased due to getting calls from the vulnerable population about their items being stolen when they are having to sleep elsewhere other than the shelter;
- Bail violations have increased;
- Mental health calls have increased;
 - The OPP are working on reducing these calls, as they are coming from one known source;
- Assist public calls have increased;
 - Most of these calls can be attributed to mental health care;
- Unwanted persons calls have increased.
