Section 6 SCHEDULES.....6-1

Section I ADMINISTRATION AND INTERPRETATION

1.1 TITLE

This By-law may be cited as the "Municipality of Sioux Lookout Zoning By-law".

1.2 SCOPE OF BY-LAW

1.2.1 LANDS SUBJECT TO BY-LAW

The provisions of this By-law shall apply to all lands within the corporate limits of the Municipality of Sioux Lookout.

1.2.2 COMPLIANCE WITH BY-LAW

No person shall change the use of any building, structure or land or erect or use any building or structure or occupy any land or building except in compliance with the conditions and provisions of this By-law. In addition, no person shall use any land or locate any building or structure such that uses, buildings or structures on other lands would no longer comply with the provisions of this By-law.

1.2.3 EXISTING USES CONTINUED

Nothing in this By-law shall apply to prevent the use of any existing lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose or was lawfully in existence prior to the passing of this By-law, so long as it continues to be used for that purpose.

1.2.4 COMPLIANCE WITH OTHER RESTRICTIONS

This By-law shall not reduce or mitigate any restrictions lawfully imposed by a government authority having jurisdiction for any such restriction.

1.3 INTERPRETATION OF BY-LAW

1.3.1 DEFINITIONS

In this By-law, unless the context requires otherwise, the definitions set out in Section 3 shall apply. Where a term is not defined, its common usage shall apply.

1.3.2 NUMBER

In this By-law, unless the context requires otherwise, words used in the singular number include the plural, and vice versa.

1.3.3 "SHALL" IS MANDATORY

In this By-law, the word "shall" is mandatory.

1.3.4 "USED" AND "OCCUPIED"

In this By-law, the words "used" and "occupied" shall include "intended", "arranged", and "designed" to be used or occupied.

1.3.5 MEASUREMENTS

Measurements of length and area used in this By-law are given in metric units (e.g. metres, hectares).

1.3.6 HOLDING ZONES

Holding zones are created by adding a capital H in brackets - (H) - to the zone code on the zoning maps. This has the effect of allowing the uses set out in the corresponding text of the by-law at some time in the future. A Holding symbol is removed by an amendment to the zoning by-law once specified conditions, which are identified in the exception provisions, are met (e.g. such as conditions related to environmental, transportation, servicing matters).

1.3.7 PRIMARY ZONES

Primary zones are the basic structural unit of this Zoning By-law and identify a land use category with permitted uses and regulations. Primary zones are indicated by a set of symbols, for example R1 represents the Residential Type One Zone in this By-law.

1.3.8 EXCEPTION ZONES AND TEMPORARY USE BY-LAWS

Where a zone classification is followed by a dash and a number (e.g. RR -1), this denotes an Exception Zone. Lands so zoned shall be subject to all of the provisions of the zone represented by the classification except as otherwise provided by the Exception provisions, which are listed as separate subsections within the parent zone.

In some cases, temporary use by-laws have been passed by the municipality to allow temporary uses pursuant to Section 39 of the *Planning Act*, R.S.O. 1990, C.P. 13. Temporary uses are shown on the zoning schedules as exceptions and details concerning the temporary use are included in the exception text within the specific zone category.

1.3.9 SPLIT ZONING

Where a lot is divided into more than one zone under the provisions of this By-law, each such portion of the lot shall be used in accordance with the zone provisions of this By-law for the applicable zone as if it were a separate lot. The zone boundary is not to be treated as a lot line.

The minimum lot area and lot frontage requirement of the most restrictive zone shall apply for the entire lot.

Where a lot contains multiple zones, one of which is the Environmental Protection Zone, the provisions of this section shall not apply.

1.3.10 CONFLICT

In the event of a conflict between this By-law and amendments thereto and any other general or special By-law of the Municipality, the most restrictive By-law shall prevail.

1.4 STRUCTURE

This Zoning By-law is composed of six (6) main sections:

Section 1	Administration and Interpretation
Section 2	Establishment of Zones
Section 3	Definitions
Section 4	General Provisions
Section 5	Zone Provisions
Section 6	Zoning Schedules

SECTION 1 – ADMINISTRATION AND INTERPRETATION sets out the area covered by the By-law, requirements for compliance, interpretation of wording, and other administrative matters. This By-law is subject to the *Interpretation Act*.

SECTION 2 – ESTABLISHMENT OF ZONES sets out the various zones of the Zoning By-law.

SECTION 3 – DEFINITIONS outlines the definitions of key terms used throughout the By-law in order to facilitate the interpretation of the document. Illustrations are also provided in Section 3 to illustrate a definition.

SECTION 4 – GENERAL PROVISIONS sets out uses and regulations that apply to all zones and matters such as parking and other provisions for land development. It also outlines those circumstances in which provisions of this By-law shall not apply.

SECTION 5 – ZONE PROVISIONS sets out the general intent of each zone, the permitted uses and the zoning regulations for development. Exceptions that set out specific uses and provisions that apply to certain parcels are included within the parent zones in Section 5.

SECTION 6 – SCHEDULES contains maps which specify the zones that apply to all properties within the municipality. This complements the text and forms part of this By-law, which sets out the specific uses and regulations that apply within each zone.

1.5 ZONING SCHEDULES

1.5.1 ZONES

For the purposes of this By-law, the zones may be referred to by the name (e.g. Residential Type One) or by the zone code (e.g. R1).

1.5.2 SCHEDULES

Schedules A, B, C and D form part of this By-law. The extent and boundaries of all zones are shown on these Schedules.

1.5.3 DETERMINATION OF ZONE BOUNDARIES

Where any uncertainty exists as to the location of the boundary of any of the said zones as shown on the Zoning Schedules, the following rules shall apply:

- i) A zone boundary shown approximately at a lot line, street or lane is considered to be at the boundary of the lot line, street or lane.
- ii) A zone boundary shown approximately in the centre line of a street or lane is considered to be at the centre line of the street or lane.
- iii) A zone boundary shown as following approximately a shoreline or the centre line of a watercourse is considered to be the present shore line or centre line and moves with any natural change in the watercourse.
- iv) Unless the location of a zone boundary is specified by dimensions on the Schedules, a zone boundary, which lies within a lot, shall be fixed by the scale of such schedule upon which it is shown.
- v) Unless otherwise indicated on the Zoning Schedules, streets, lanes or rights-of-way for railroads or transmission lines, shall be deemed to be in the same zone as the adjacent lands and where such streets, lanes or rights-of-way separate different zones, unless otherwise indicated on the zoning schedules, the centre lines of these shall constitute the boundary between the zones.
- vi) All land below the surface of a water body or watercourse as of the date of this By-law came into effect shall be deemed to be in the same zone as the zoning on the adjacent land.

1.6 ILLUSTRATIONS

Illustrations are provided and form part of this By-law to clarify the intent of a definition.

1.7 REFERENCES TO STATUTES AND AGENCIES

Where reference is made in this Zoning By-law to other documents, such as federal or provincial Acts, or other legislation, or to other documents that are not part of this By-law, it is understood that it is the latest approved version of the document that is being referenced unless otherwise specified.

Where this By-law makes reference to the jurisdiction of a public agency, and where the name or responsibilities of such public agency are changed

hereafter, the said reference shall be deemed to include any and all successors to such public agency having jurisdiction over the matters to which the said reference applies.

1.8 PERMITS

The requirements of this By-law shall be met before the Municipality issues a Building Permit, Certificate of Occupancy or a Municipal License/Permit.

1.9 ENFORCEMENT AND REMEDY OF VIOLATIONS

1.9.1 ENFORCEMENT

Any person convicted of a violation of this By-law is liable, at the discretion of the convicting Justice, on first conviction to a fine of not more than \$25,000 and on a subsequent conviction to a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which that person was first convicted in accordance with the *Planning Act*.

Any Corporation convicted of violation of this By-law is liable, at the discretion of the convicting Justice, on first conviction, to a fine of not more than \$50,000 and on a subsequent conviction to a fine of not more than \$25,000 for each day or part thereof upon which the contravention has continued after the day on which that Corporation was first convicted, in accordance with the *Planning Act*.

Where any building or structure or any part thereof is to be erected, altered, reconstructed or extended, or any lot is being used or is to be used, in contravention of any requirement of this By-law, such contravention may be restrained by action at the instance of any rate-payer or of the Municipality pursuant to provisions of the *Planning Act*, 1990, C.P. 13, as amended, and/or any other legislation applicable.

1.9.2 REMEDY OF VIOLATIONS

In the event that a person is found guilty of contravening this By-law and is directed to remedy any violation but fails to do so, the remedy may be carried out by the Municipality at the expense of the offender.

1.10 SEVERABILITY

Should any clause, section, sub-section or provision of this By-law be held invalid by a court of competent jurisdiction, the validity of the remainder of this By-law shall not be affected.

1.11 REPEAL OF EXISTING BY-LAWS

All previous by-laws of the Corporation passed pursuant to Section 34 of the *Planning Act* or its predecessors, are hereby repealed.

1.12 EFFECTIVE DATE

This By-law shall take effect the day after the last date for the filing of objections where there are no objections received or where objections are received upon approval of the Ontario Land Tribunal.

1.13 REQUEST FOR AMENDMENTS

A request for an amendment to this By-law shall be accompanied by a completed copy of the appropriate application form and all required supporting studies and documents as requested by the Municipal staff or Council.

1.14 EXPROPRIATION AND/OR ROAD WIDENING

If any legally existing building or structure would become non-complying as a result of a road widening or an expropriation, by having its front yard, exterior side yard or setback reduced, the said existing building or structure shall be deemed to be complying for the purposes of this By-law.

If any legally existing lot would become non-complying as a result of a road widening or an expropriation, by having its lot area and/or lot frontage reduced, the said existing lot shall be deemed to be complying for the purposes of this By-law.

1.15 LEGAL NON-COMPLYING LOTS, BUILDINGS AND STRUCTURES

Where a building or structure is located on a lot having less than the minimum required lot area and/or less than the minimum required lot frontage and/or less than the minimum required setback, and/or front yard and/or side yard and/or rear yard required by this By-law, the said building or structure may be enlarged, reconstructed, replaced, repaired, and/or renovated provided that:

- a) The enlargement, replacement, reconstruction or renovation and/or repair does not reduce the front yard, and/or side yard, and/or rear yard or increase the amount of floor area or volume or height in a required yard;
- b) The building or structure is being used for a purpose permitted within the Zone in which it is located; and,
- c) All other applicable Provisions of this By-law are complied with.

1.16 BUILDINGS ON UNDERSIZED LOTS

Where a lot, having lesser lot area and/or lot frontage than required herein, existed on the date of passing of this By-law, or where such a lot is created by a public authority or correction of title, may be used and a permitted building or structure may be erected and/or used on such a smaller lot provided that all other applicable provisions of this By-law are complied with and provided that a sewage disposal system can be installed on the lands, if required.

1.17 CHANGES TO LOT SIZE

Non-complying lots which have been increased in lot area and/or lot frontage following adoption of this By-law, may also be used in accordance with the provisions of this By-law.

1.18 LEGAL NON-CONFORMING USES

1.18.1 CONTINUATION OF EXISTING USES

The provisions of this By-law shall not apply to prevent the use of any existing building or structure for any purpose prohibited by this By-law if such existing building or structure was legally used for such purpose, prior to the effective date of this By-law and provided that the building or structure continues to be used for that purpose.

1.18.2 PERMITTED EXTERIOR EXTENSION, ALTERATION AND RECONSTRUCTION

The exterior of any building or structure which was lawfully used prior to the effective date of this By-law for a use not permitted within the Zone in which it is located, shall not be enlarged, extended, or otherwise structurally altered, unless such building or structure is thereafter to be used for a purpose permitted within such Zone, and complies with all requirements of this By-law for such Zone unless these changes are necessary to provide for flood proofing or insulation of the building. This provision shall not prohibit normal or regular maintenance or replacement of exterior cladding.

1.18.3 PERMITTED INTERIOR ALTERATION

The interior of any building or structure which was lawfully used, prior to the effective date of the By-law, for a purpose not permitted within the Zone in which it is located, may be reconstructed or structurally altered for the existing purpose for which such building or structure was lawfully used.

1.18.4 RESTORATION TO A SAFE CONDITION

Nothing in this By-law shall apply to prevent the reconstruction of any existing non-conforming structure which is damaged by causes beyond the control of the owner, other than flooding. The existing structure may be reconstructed in the same location on which it existed on the date of the passage of this By-law even if such did not comply with one or more of the provisions of this By-law, but the non-conformity may not be further increased.

Buildings damaged or destroyed as the result of natural flooding shall not be reconstructed except in accordance with the provisions of this By-law.

1.18.5 CHANGE OF USE

The use of any lot, building or structure which is not permitted in the zone in which it is located shall not be changed except to a use which is listed as a permitted use in such zone or to a use which is authorized by the Committee of Adjustment pursuant to its powers under the *Planning Act*.

- ii) The owner of the property, at its sole cost, shall enter into an agreement with the Municipality of Sioux Lookout requiring that the owner shall, upon cessation of the medical cannabis production facility use, discontinue the occupancy and use of the property in accordance with the issued production license until such time as change of use permits have been obtained; remove all equipment and material associated with the medical cannabis production facility; return the property and any affected adjacent properties to a condition where the property and adjacent properties may be used for an alternate lawful use; and any further and other acts that the Municipality of Sioux Lookout may require.
- iii) The licensed producer shall provide to the Municipality of Sioux Lookout a copy of a current and valid production licenses issued by Health Canada.
- iv) A medical cannabis production facility shall comply with all applicable zone standards.
- v) A medical cannabis production facility shall be at least 150 metres from a lot in an institutional or residential zone category or from any public school, private school, place of worship or day nursery.
- vi) The minimum separation distance between medical cannabis production facilities shall be at least 90 metres.
- vii) Despite the required minimum distances noted above, no medical cannabis production facility lawfully established under these provisions shall be deemed to be a violation under this section by the subsequent erection of a residential or institutional use constructed on another lot.
- viii) No outdoor signage or advertising shall be permitted, other than 911 addressing to allow for the location of the property.
- ix) Where a medical cannabis production facility use is located on a lot, no other use shall be permitted on the lot or within the building as a whole.

4.2.15 OUTDOOR FURNACES

Where an outdoor wood stove or furnace is established for heating of the primary building or structure, it shall be considered as part of such building

or structure and shall conform to the provisions of the *Forest Fires Prevention Act*, as amended and all yard requirements of the applicable zone. Outdoor wood burning furnaces are subject to the following provisions:

- i) Shall be permitted only in the RR, RS, HR and RU Zones;
- ii) May only be installed on lots having an area of 0.8 hectares or greater;
- iii) Shall be supported by a non-combustible base or foundation that is designed according to the manufacturer's instructions to support the weight of the appliance;
- iv) The top of the chimney for an appliance using solid fuel and installed and erected outdoors shall be a minimum of 5.0 metres above the adjacent ground and shall be equipped with a spark arrestor and a rain cap;
- v) Shall be located at least 15.0 metres from any property line and from the principal dwelling;
- vi) Shall be located at least 3.0 metres from any trees or non-habitable structures; and
- vii) Shall not be located in a front yard.
- viii) Replacement of existing units may be permitted in their same location provided that the new unit meets, at minimum, the CAN/CSA B365-1 – Installation Standard and the CAN/CSA B415.1-10 – Emissions Standard.”

4.2.16 STORAGE CONTAINERS

The following provisions shall apply for storage containers:

- i) Storage containers shall only be allowed in the M₁, CH, AP, RU and M₂ Zones;
- ii) All approved storage containers shall be located subject to the Accessory Buildings Yard and Setback Requirements as defined in this By-law.

4.3 ACCESS ON IMPROVED PUBLIC ROAD, PRIVATE ROAD OR NAVIGABLE WATERWAY

4.3.1 IMPROVED PUBLIC ROAD

No person shall erect any building or structure in any zone after the date of passing of this By-law, unless the lot upon which such building or structure is to be erected has frontage upon an improved public road or contains legal access rights, which may include a legal easement, and where such building or structure complies with the setback provisions of this By-law; or where there is existing lots located on a private road, and such building or structure complies with the permitted uses of this By-law.

The above provisions shall not apply to prevent the erection of a permitted building or structure on a lot in registered Plan of Subdivision where a properly executed Subdivision Agreement has been entered into with the Municipality, notwithstanding that the street or streets will not be assumed by the Municipality until the end of the maintenance period, nor shall it apply to prevent the enlargement, extension, renovation, reconstruction or

other structural alteration of an existing building or structure, which is located on a lot which does not have frontage upon an improved public road, provided the use of such building or structure does not change and is permissible within the zone in which it is located.

4.3.2 NAVIGABLE WATERWAY

Notwithstanding the provisions of Section 4.3.1 above to the contrary, in a NR Zone or RU Zone where a lot abuts the shoreline of a navigable waterway only, such lot may be used for any use in accordance with the applicable provisions of the zone. Municipal services will not be available to water access lots.

4.4 ESTABLISHED BUILDING LINE IN RESIDENTIAL ZONE

Notwithstanding any other provisions of this By-law to the contrary, where a dwelling is to be erected in a Residential zone, between existing dwellings on the same street or shoreline, such dwelling may be built with a front yard and setback equal to the average yard of the adjacent dwellings on the same side of the street or shoreline.

4.5 GARDEN SUITES

Garden suites shall be permitted, subject to the approval of the Northwestern Health Unit, on a temporary basis in the R1, R2, RR, RS, and RU Zones, subject to the following requirements:

- i) One garden suite may be authorized on a lot through a temporary Zoning By-law Amendment for a renewable period of up to 10 years.
- ii) A garden suite may not exceed 56.0 square metres in gross floor area.
- iii) The addition of a garden suite is subject to the lot coverage provisions of the zone in which it is located.
- iv) A garden suite shall be used solely for the temporary accommodation of persons who, because of age, infirmity or illness require and receive care and supervision from the occupants of the single detached dwelling located on the same lot therewith;
- v) A garden suite shall be one (1) storey, having a height not to exceed 4.6 metres;
- vi) A garden suite shall not be constructed or arranged as to constitute a travel trailer;
- vii) One (1) parking space shall be provided for the garden suite, in addition to the parking spaces required for the single-detached dwelling, in accordance with the following regulations:
 - a) Such parking space shall have minimum rectangular dimensions of 3.0 metres by 6.0 metres;
 - b) Such parking space shall be located on the same lot as the single-detached dwelling and garden suite;

- c) Such parking space may be located in tandem with the parking spaces required for the dwelling unit.

As per the *Planning Act* regulations for garden suites, Council shall require the owner of the suite or any other person to enter into an agreement with the municipality dealing with such matters related to the temporary use of the garden suite as the council considers necessary or advisable, including:

- i) the installation, maintenance and removal of the garden suite;
- ii) the period of occupancy of the garden suite by any of the persons named in the agreement;
- iii) the monetary or other form of security that the council may require for actual or potential costs to the municipality related to the garden suite; and
- iv) connection to existing services (sewer, water, hydro, septic, well).

4.6 GROUP HOMES AND CRISIS CENTRES

Group homes and crisis centres are permitted in the R1, R2, RM, RR, and RU Zones subject to the following provisions:

- i) A group home or crisis centre shall occupy the entirety of a single-detached dwelling, or both units of a semi-detached or duplex dwelling that is permitted in the zone.
- ii) A new group home or crisis centre shall not be established on any lot that is closer than 200.0 metres to the lot on which another group home or crisis centre is located.
- iii) Despite subsections i) and ii) above, the minimum required separation distance need not extend across a highway, grade-separated arterial road, railway yard, navigable waterway or any other major barrier to pedestrian or vehicular movement, and in such cases is deemed to be fulfilled by the distance between that barrier and the affected property line or lines of the lot containing the group home or crisis centre.
- iv) Where the minimum required separation distance of one group home intersects the minimum required separation distance of another group home, both group homes are considered to comply with the minimum separation distance requirements, provided that the limits of the two separation areas do not touch a lot line of a lot containing another group home or crisis centre.
- v) The maximum number of residents permitted applies to the whole of the residential use building and not to individual units within the residential building in which the group home or crisis centre is located.
- vi) Despite subsections i) and ii) above, where there are two abutting lots, each of which contains or proposes to contain one group home or crisis centre, both homes are permitted, provided the total of both group homes or crisis centres does not increase the total number of residents in both homes beyond the ten (10) resident maximum required under the definition of group home.

- vii) An accessory dwelling unit or a garden suite shall not be permitted on the same lot as a group home or crisis centre.

4.7 BOARDING HOUSE

A Boarding House is permitted in the R2 Zone subject to the following provisions:

- i) An accessory dwelling unit or a garden suite shall not be permitted on the same lot as a Boarding House.
- ii) The maximum number of boarding rooms shall be four (4).

4.8 BED AND BREAKFAST

In all Zones where a bed and breakfast is a permitted use, the following shall apply:

- i) The operation of a bed and breakfast shall be incidental and secondary to the main use as a dwelling unit;
- ii) The number of guest rooms shall not exceed three (3).
- iii) The operation of a bed and breakfast shall not change the character or in any way alter the exterior appearance of the dwelling;
- iv) The bed and breakfast shall be operated only by a person or persons whose principal residence is the dwelling unit containing the bed and breakfast;
- v) The operation of a bed and breakfast is not permitted in conjunction with the rental of accommodations to roomers or boarders; and
- vi) One (1) non-illuminated identification sign with a maximum size of 0.185 square metres mounted on the wall of the dwelling is permitted.
- vii) A minimum of one (1) parking space for each guest room shall be required.
- viii) A bed and breakfast shall not be permitted within a mobile home.

4.9 HOME OCCUPATION

Where a home occupation is a permitted use, the following provisions shall apply:

- i) The occupation shall be lawfully conducted entirely within a dwelling and/or entirely within a building or structure accessory to a dwelling;
- ii) It must be clearly incidental and secondary to the dwelling;
- iii) Such home occupation whether located within a dwelling or entirely within a building or structure accessory to a dwelling shall not be more than 35 percent of the gross floor area, not including the basement of the dwelling, to a maximum gross floor area of 100.0 square metres.
- iv) It must not change the character or in any way alter the exterior appearance of the dwelling, except by the placement of a sign;

- v) The sale of goods on the premises shall be permitted as part of a home occupation, provided that the sale of goods is incidental and subordinate to the service provided by the home occupation;
- vi) Private Home Day Care is a permitted use within a dwelling unit as a home occupation in all zones that permit a dwelling unit; however, is not a permitted use in a non-conforming dwelling unit;
- vii) A maximum of one (1) person not residing in the dwelling may assist or be employed provided a minimum of three (3) off-street parking spaces is provided and a minimum of 50 percent of the required front yard is provided and maintained as landscaped open space.
- viii) There shall be no outside storage of goods or materials in conjunction with the home occupation use.
- ix) A home occupation shall not include a restaurant or kennel.

4.10 HOME INDUSTRY

Where a home industry is permitted in a building accessory to a single-detached dwelling, the following provisions shall apply:

- i) A maximum of one (1) person other than an occupant of the dwelling may be engaged in the home industry at any time.
- ii) Such home industry may be located in part of a dwelling or in any accessory building located on a lot on which a dwelling is in existence, provided the total gross floor area utilized by the home industry does not exceed a maximum of 150.0 square metres.
- iii) There shall be no display, other than a non-illuminated sign having a maximum surface area of 1.0 square metres, to indicate to persons outside that any part of the dwelling or dwelling unit is being used for a purpose other than residential.
- iv) There shall be no outside storage of goods, material, vehicles or articles used in the home industry.
- v) Only currently licensed motor vehicles, associated with the home industry may be parked or stored on the lot within an interior side or rear yard. Only one commercial vehicle having a maximum wheelbase of 5.0 metres and a maximum payload of one ton parked outside on the lot.
- vi) Such home industry shall be clearly accessory to the main residential use and shall not change the residential character of the dwelling or the lot.

4.11 FOOD TRUCKS

Where a food truck is permitted, the following provisions shall apply:

- a) A food truck shall be a minimum of 2.0 metres from the front lot or exterior side lot line.
- b) A food truck shall be setback a minimum of 3.0 metres from a lot line abutting a residential zone and 1.5 metres from any other lot interior or rear lot line.
- c) Applicable approvals shall be obtained from the Northwest Health Unit.

4.12 WATER LOTS

All lands situated below the surface of a waterbody or watercourse (i.e. a water lot) shall be zoned according to the zone on the adjacent land. Notwithstanding the permitted uses of the parent zone to the contrary, the only permitted uses of any lands under water shall be marine facilities and boathouses accessory to permitted uses on the appertaining lands. The regulations for permitted uses shall not apply to lands under water.

Approvals from the Ministry of Natural Resources and Forestry and/or the Department of Fisheries and Oceans Canada may be required for marine facilities and boathouses.

4.13 LOADING SPACE REQUIREMENTS

4.13.1 LOADING SPACE REQUIREMENTS

Loading spaces are required under this By-law in accordance with the Loading Space Requirement Table. The owner of every building or structure erected for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares, merchandise or raw materials shall provide and maintain loading spaces on the lot accordingly.

<i>Table 1</i>	<i>Minimum Gross Floor Area of Building</i>	<i>Minimum number of loading spaces required</i>
	0 – 300 square metres	0
	301 – 2,300 square metres	1
	2,301 – 7,400 square metres	2
	Over 7,400 square metres	3

4.13.2 ALL LOADING SPACES SHALL BE DESIGNED, CONSTRUCTED AND MAINTAINED IN ACCORDANCE WITH THE FOLLOWING PROVISIONS:

- i) Each loading space shall have a minimum width of 3.5 metres, a minimum length of 9.0 metres and a minimum vertical clearance of 4.2 metres, and each space shall be visibly designated and marked;
- ii) Driveways used for ingress and egress shall be clearly marked.
- iii) The loading space(s) shall be located in the interior side or rear yard unless such space or spaces are removed from the street line a minimum distance of 15.0 metres.
- iv) Driveways, loading spaces, and related aisles and turning areas shall be maintained with a stable surface that is treated to prevent the

raising of dust. Such loading facilities shall, before being used, be surfaced with asphalt, concrete or brick and shall include provisions for drainage facilities. In Industrial zones, a crushed stone or gravel surface shall be permitted.

4.13.3 ADDITIONS TO OR CHANGE IN USE OF EXISTING BUILDINGS

The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law so long as the gross floor area, as it existed at such date, is not increased by more than 300.0 square metres. If an addition is made to the building or structure, which increases the gross floor area, then additional loading spaces shall be provided as required by this Section, in accordance with the provisions of the loading Space Requirement Table for such addition.

4.14 FLOOD PLAIN DEVELOPMENT

With the exception of docks, boat lifts, boathouses and boat ramps, no person shall undertake development or permit another person to undertake development in or on the areas within the jurisdiction of the municipality that are within the 100 year flood plain, and within river or stream valleys, whether or not they contain a watercourse. Areas include hazardous lands, wetlands, shorelines, and areas susceptible to flooding, and associated allowances, within the watershed in the jurisdiction of the municipality.

Proposed developments must meet all requirements of this By-law, including this section.

4.14.1 100 YEAR FLOOD PLAIN

100 year flood plain areas include:

- i) Lands along the shoreline of Minnitaki Lake to an elevation of 360.34 metres above sea level (GSC datum);
- ii) Lands along the shoreline of Abram Lake to an elevation of 359.74 metres above sea level (GSC datum);
- iii) Lands along the shoreline of Pelican Lake to an elevation of 359.24 metres above sea level (GSC datum);
- iv) Lands along the shoreline of Lost Lake to an elevation of 358.40 metres above sea level (GSC datum);
- v) Lands along other watercourses, such as rivers and streams, and not included above, will be dealt with on a site specific basis.

- Rural (RU)

Subject to the following provisions:

- i) In the RR and RS Zones a recreational vehicle or trailer may be used for human habitation for no more than 90 days in any calendar year on a vacant lot.
- ii) In all other zones a recreational vehicle or trailer may be used for human habitation for no more than 90 days if there is an existing principal dwelling.

- iii) Boats, recreational vehicles and trailers shall be stored in the rear or interior side yard and must meet the setbacks for an accessory building. One (1) boat and one (1) recreational vehicle or trailer may be stored in the front yard if located on a driveway.

4.18 PARKING REQUIREMENTS

4.18.1 PARKING SPACE REQUIREMENTS

The owner of land or of a building or structure erected or used for any of the purposes hereinafter set forth shall provide and maintain parking spaces for the sole use of the owner, occupant, or other persons entering upon or making use of the said premises, from time to time.

Parking spaces are required under this By-law, in accordance with the Parking Space Requirement Table. Where the calculation of required spaces exceeds a whole space by more than 0.25, the required number of spaces shall be the next whole number. In the case of a commercial use, on-street parking shall be factored into the parking calculation. Where on street parking is permitted, one parking space per 6.0 metres of frontage less driveways will be allocated to a property.

All queuing spaces shall be rectangular in shape, with a minimum length of 6.0 metres and a minimum width of 2.75 metres.

4.18.6 MORE THAN ONE USE ON A LOT

When a building or structure accommodates more than one type of use, the parking space requirement for the whole building shall be the sum of the requirements for the separate parts of the building occupied by the separate types of use.

4.18.7 PARKING AREA LOCATION ON LOT

Notwithstanding the yard and setback provisions of this By-law to the contrary, surface parking areas shall be permitted in the required yards except that, where a commercial zone abuts a residential zone or a lot used for residential purposes, parking shall not be located in the required yard.

Within a R1 Zone, in the front yard or exterior side yard, the maximum width of a driveway or parking area shall be 7.0 metres.

4.18.8 ADDITIONS TO, OR CHANGES IN, THE USE OF EXISTING BUILDINGS AND STRUCTURES

The parking space requirements referred to herein shall not apply to any building or structure in existence at the date of passing of this By-law provided the floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the floor area, then parking spaces for the addition shall be provided in accordance with the parking requirements of this By-law. Where a change in use of the building or structure occurs, parking spaces shall be provided in accordance with the requirements of this By-law. The barrier-free parking requirements shall only be applied to the new parking spaces that are supplied on the lot.

Notwithstanding the above, the parking space requirements referred to herein shall not apply to additions to the building or a change in use to any building or structure located in the CD Zone, unless the use is a hotel.

4.18.9 USE OF PARKING SPACES AND AREAS

Parking spaces and areas required in accordance with this By-law shall be used for the parking of operative, currently licensed vehicles only and for vehicles used in an operation incidental to the permitted uses in respect of which such parking spaces and areas are required or permitted.

Notwithstanding the foregoing, the owner or occupant of any lot, building or structure in any R1 or R2 Zone may use the lot building or structure for the parking, storing or housing of not more than one commercial motor vehicle or trailer provided that such vehicle does not have a wheelbase in excess of 5.0 metres or exceed a ten (10) ton load capacity.

4.18.10 CASH-IN-LIEU OF PARKING

Council may allow a developer to pay to the municipality in lieu of providing such spaces as required by this section, a sum of money calculated at the rate per parking space as determined by the municipality, which sum shall be payable on such terms and conditions as Council may determine.

4.19 PEAT EXTRACTION, PITS AND QUARRIES

4.19.1 ESTABLISHMENT OF PEAT EXTRACTION OPERATIONS, PITS AND QUARRIES

The extraction of peat, and the establishment or operation of pits or quarries is prohibited within the area covered by this By-law, except in the locations permitted by this By-law, and in accordance with the provisions of this By-law. No person shall use land or erect any building or structure for the purpose of processing, storing, washing, screening, sorting or crushing rock, sand and/or gravel and or peat except as expressly provided for in this By-law.

4.19.2 WAYSIDE PITS AND QUARRIES

Wayside pits and quarries are permitted in any zone for the duration of the construction of a public road or similar project with the consent of the Municipality.

4.19.3 RESIDENTIAL BUILDING SETBACKS FROM EXTRACTIVE INDUSTRIAL ZONES

Despite any other provisions to the contrary, in the RU and RR Zones, no new buildings consisting of a dwelling or dwelling units may be constructed any closer than 210.0 metres to a MX Zone.

4.20 PERMITTED YARD ENCROACHMENTS

Despite any other provision to the contrary, the following features are permitted to encroach into a required yard in accordance with Table 6 – Permitted Yard Encroachments. This section does not apply to:

- i) Accessory buildings otherwise addressed in the Accessory Building Yard and Setback Requirements Section of this By-law;
- ii) The encroachment of any listed feature into the minimum required setback from watercourses or water bodies; or
- iii) The encroachment of any listed feature into any required sight triangle.

Table 6 - Permitted Yard Encroachments

4.22 PLANTING STRIPS

4.22.1 LOCATION

On any lot in a MU, CL, CD, CH, CT, M₁, M₂, MX, MD, RM or I Zone that abuts an interior side or rear lot line of a residential use, a 3.0 metre-wide planting strip adjoining the shared lot line or portion thereof shall be provided.

4.22.2 PLANTING STRIP MATERIALS

Planting strips shall consist of a continuous, un-pierced hedgerow of trees, evergreens or shrubs, or solid fencing not less than 1.5 metres high, immediately adjacent to the lot line, or portion thereof, where such planting strip is required. The remainder of the planting strip shall be used for no other purpose than the planting of ornamental shrubs, flowering shrubs, flower beds, grass or a combination thereof.

4.22.3 DRIVEWAYS AND WALKWAYS

In all cases where ingress and egress driveways, boat launching ramps or walkways extend through a required planting strip, it shall be permissible to interrupt the planting strip within 2.0 metres of the edge of such driveway or within 1.5 metres of the edge of such walkway.

4.22.4 LANDSCAPED OPEN SPACE

A planting strip or fence referred to in this Section may form a part of any landscaped open space required by this By-law and may form part of a required yard.

4.23 PUBLIC USES

4.23.1 UTILITY INSTALLATIONS

- i) A utility installation is permitted in all zones other than EP, MX or HZ Zones subject to the following provisions:
 - a) The form and appearance of any building containing the utility installation must blend in with surrounding development and must comply with zone setback provisions;
 - b) No offices, maintenance uses or indoor or outdoor storage facilities are permitted except where otherwise allowed in the zone; and
 - c) No dust, smoke, noise or odour may be produced that is likely to be dangerous or obnoxious.
- ii) Despite any provisions of this By-law, utility installations that are subject to the requirements of the *Environmental Assessment Act* are permitted in all zones, and are not subject to the provisions of this Section.
- iii) A utility installation need not comply with the minimum lot area and minimum lot frontage specified for the zone in which it is located.
- iv) Hydro distribution and transmission and telecommunications towers providing service from utility operators may exceed the height limit applicable to the zone, but must be no higher than is necessary to operate effectively and safely.
- v) Parking shall be provided on the basis of the actual gross floor area of the utility installation.
- vi) Despite subsection (a), poles, pedestals, drop lines, cables, pipelines, kiosks, cabinets and other similar equipment used to provide services from a utility installation to a use, building or structure are not considered to constitute a utility installation and are not subject to the provisions this Section.
- vii) Despite subsection (a), electrical substations are not permitted within the EP or HZ Zones.

4.23.2 PUBLIC USES

The provisions of this By-law shall not apply to prohibit the use of any lot or the erection or use of any building or structure for the purposes of public uses provided by the Municipality, or any Public Authority including any Department or Ministry of the Government of Canada or Ontario and, for the purposes of this Section, shall include Hydro One, any telephone, telegraph or cable TV company and any natural gas distribution system operated by a Company

distributing gas to the residents of the Municipality, which company possesses all the necessary powers, rights, licenses and franchises.

4.24 REDUCTION OF REQUIREMENTS

No person shall change the purpose for which any land, building or structure is used or erect any building, or structure, or addition to any existing building or structure, or reduce the area of any lot, if the effect of such action is to cause the original adjoining, remaining or new building, structure or lot to be in contravention with this By-law.

4.25 RESTRICTIONS ON DWELLING UNITS IN NON-RESIDENTIAL BUILDINGS

Notwithstanding any other provision of this By-law to the contrary, no dwelling unit shall be located within a portion of a non-residential building which has gasoline or other flammable fluids or hazardous materials stored in bulk for commercial purposes or in conjunction therewith, and without limiting the generality of the foregoing, a dwelling unit shall not be permitted within a building used for a motor vehicle service station, a motor vehicle repair garage, a motor vehicle body shop or a marine service shop.

4.26 ACCESSORY DWELLING UNITS WITHIN COMMERCIAL AND INSTITUTIONAL USES

Notwithstanding any other provision of this By-law, accessory dwelling units located in the same building as a permitted commercial use in the CL, CD, CH and CT Zones are permitted provided:

- i) The accessory dwelling unit has a means of access to the outside that is separate from the access of another accessory dwelling unit or any commercial use.

Notwithstanding any other provision of this By-law, accessory dwelling units located within the I Zone are permitted provided:

- i) The accessory dwelling unit has a means of access to the outside that is separate from the access of another accessory dwelling unit or any institutional use.
- ii) An accessory building containing accessory dwelling units shall not exceed the size of the principal building on the lot.

4.27 SECONDARY DWELLING UNITS WITHIN A PRINCIPAL DWELLING UNIT

Any secondary dwelling unit shall be developed in accordance with the following provisions:

- i) A maximum of one (1) secondary dwelling unit shall be permitted within a single-detached dwelling, a semi-detached dwelling and a townhouse dwelling in all residential zones, provided that:

- a) It does not change the streetscape character along the street where it is located;
 - b) It is not a stand-alone, principal unit capable of being severed;
 - c) It only exists with, and must be contained within the same building as, its principal dwelling unit; and
 - d) A building permit is required prior to the establishment of a secondary dwelling unit and must follow the requirements of the *Ontario Building Code*.
- ii) The doorway entrance that leads to a secondary dwelling unit is limited to locations on the ground floor only, except where building and fire codes dictate otherwise.
 - iii) Parking for the secondary dwelling unit shall be provided in accordance with the parking provisions in this By-law.
 - iv) Notwithstanding any other provision in this By-law, the required parking space for a secondary dwelling unit may be stacked behind the required parking space of the principle dwelling in the driveway. The creation of the secondary dwelling unit must not eliminate a required parking space for the principal dwelling unit.
 - v) The secondary dwelling unit shall not exceed 56.0 square metres of any portion of the principal dwelling unit that is located at or above grade. Except for the entrance, any secondary dwelling unit located entirely in the basement may occupy the entire basement regardless of size.
 - vi) Where a secondary dwelling unit is located on a lot, no rooming units are permitted on the lot.
 - vii) Secondary dwelling units must not be limited by, nor included in, any density control requirement, including for example, number of dwelling units and unit per hectare counts.
 - viii) Secondary dwelling units on partial or private services require applicable approvals from the Northwestern Health Unit.

A secondary dwelling unit is not permitted in a non-conforming single detached dwelling.

4.28 SECONDARY DWELLING UNITS WITHIN ACCESSORY BUILDINGS

Secondary dwelling units shall only be permitted within accessory buildings located in the RR and RU Zones; and the RS and R₂ Zone where the lot complies to the minimum requirements of the Zoning By-law. Any secondary dwelling unit within an accessory building shall be developed in accordance with the following provisions:

- i) Only one (1) secondary dwelling unit shall be permitted per lot, provided that the lot contains an existing dwelling unit and the existing dwelling unit does not contain any secondary dwelling units.
- ii) The appropriate authority has approved the private sewage disposal system to service the total sewage flow on the lot.

- iii) A secondary dwelling unit shall not exceed 40 percent of the gross floor area of the primary dwelling unit up to a maximum of 56.0 square metres.
- iv) One additional dedicated parking space above the requirements of this By-law for the related zone shall be provided for the secondary dwelling unit.
- v) The accessory building must comply to the minimum front yard requirement of the principal dwelling.
- vi) The secondary dwelling unit shall only be permitted in accessory structures that comply to the minimum yard requirements for the principal building of the zone in which it is located. Within the R2 Zone the minimum setback from the rear lot line shall be 3.0 metres.
- vii) For the RR Zone, the RU Zone, and the RS Zone, a secondary dwelling unit is only permitted on a lot with a minimum lot area of 0.8 hectares.
- viii) A secondary dwelling unit shall be permitted in the upper half storey of a one and one half storey private garage.
- ix) A secondary dwelling unit shall be permitted on the first floor) of a private garage and shall have a maximum floor area of 56.0 square metres.
- x) Secondary dwelling units on partial or private services require applicable approvals from the Northwestern Health Unit.

4.29 SERVICES REQUIRED

No person shall erect or use a building or structure for a residential use on any lands in the R₁, R₂ or RM Zones unless municipal sewage disposal and water supply services are available to the lot.

4.30 SIGHT TRIANGLES

On a corner lot fronting on two Municipally-maintained roads, no motor vehicle, as defined in the *Highway Traffic Act*, shall be parked, no building or structure which would obstruct the vision of drivers of motor vehicles shall be erected, and no land shall be used for the purposes of growing shrubs or trees in excess of 1.0 metres in height within a triangular area bounded by the roadways and a line joining points on the roadways at a distance of 9.0m from the point of intersection. Such triangular space may hereinafter be referred to as a "sight triangle". Where the two street lines do not intersect at a point, the point of intersection of the street lines shall be deemed to be the intersection of the projection of the street lines or the intersection of the tangents to the street lines.

On lands zoned CD or that abuts roadways where the posted speed limit is 40 km/h or less, the site triangle may be reduced to 6.0 metres.

4.31 SPECIAL SETBACKS
