## MEDIA RELEASE

March 3, 2022

~ FOR IMMEDIATE RELEASE ~

### Improvements to Pet Identification

*Sioux Lookout, ON* – The Municipality of Sioux Lookout is implementing a new tracking system for pets to help reunite missing or found animals with their owners faster.

With owner consent, the information provided on this year's pet Registration/Renewal Form will be entered in the new pet tracking system and uploaded to the Municipal website. From there, anyone can type in the Tag Number of any missing/found animal and find the owner's contact information. Only the name of the owner and contact number would be available to the public – no addresses will be available in this system.

Please note that every pet owner will be issued a new Pet Tag with a new Pet Identification Number this year when renewing their license. This will ensure accurate and consistent pet identification tracking in the new system.

The price of pet license renewals will remain at just \$10.00.

The new system will also make it possible for pet owners to complete renewals online next year.

**Please complete your pet license registration or renewal by March 31, 2022.**

Unfortunately, due to lack of local resources, the Municipality will no longer be able to offer microchipping services. This service is available from various veterinary clinics in the region.

Please contact the By-law Enforcement Officer if you have any questions or concerns.

We look forward to ensuring better safety for your fur-babes!
