

Winter Parking Restrictions Now in Effect and Notice of Bicycle Lane Safety

Winter parking restrictions are in effect annually, from November 1st until April 15th.

That means no parking is allowed in the Downtown Core between the hours of 3:00 a.m. and 7:00 a.m. The downtown core consists of Front Street from its intersection with Wellington St. easterly to Third Avenue, King Street from Seventh Avenue easterly to Third Avenue and encompassing avenues.

On all other Municipal streets and laneways, no parking is allowed between the hours of Midnight and 7:00 a.m.

Thank you for doing your part to help crews with winter snow removal efforts throughout the winter months.

Additionally, for those who use their bicycles year-round, please exercise caution when using bicycle lanes throughout the Municipality in the winter months. At times, the lanes may not be fully clear of snow and may be slippery. While the Municipality makes every effort to keep the bicycle lanes accessible, it is not always possible in the winter months.
