Public Works Department

September 5, 2019

Dear Contractor:

RE: 2019 Scrap Metal Removal at Hidden Lake Landfill - Request for Quotation (RFQ)
Q016-2019

The Municipality of Sioux Lookout, Public Works Department, is seeking quotes for the removal of the scrap metal pile at the Hidden Lake Landfill site (see attached pictures of current metal pile). Best estimates are that the current accumulation of scrap metal at Hidden Lake Landfill is approximately 100 tonnes of mixed metals.

In addition, the Public Works Department has several "larger" bulk steel items located at the Public Works yard that require removal. These items include, but are not limited to, a 3.5m long truck box, 4.0 metre plow wing, highway plow mount, diesel powered gen-set, etc. This bid can be entered on line two (2) of the bid sheet (see attached pictures of items for reference).

If successful in your quote, prior to any materials being removed from the Hidden Lake Landfill site, the Municipality will require a deposit based on the accepted bid per tonne for scrap metal removal in relation to the current estimated volume of scrap metal on site. Therefore, the deposit required will be the accepted bid per tonne * 100 tonnes. Once all the material has been removed from the landfill and a final weight of all material has been reviewed and accepted by both parties, any reconciliation required will be conducted based on the finalized weight.

In addition, the hired contractor will provide the Municipality a copy of General Liability Insurance as well a certificate of WSIB clearance.

Note that the final closing for the RFQ - Q016-2019 - Scrap Metal Removal at Hidden Lake Landfill will be on Friday, September 27, 2019 at 1:00 p.m. (local time). In addition, the deadline to have the scrap metal removed from Hidden Lake Landfill will be December 20, 2019.

Please submit your price per tonne on the attached "Request for Quotation" form and return it to the Public Works at the above address or by e-mail. If you require additional information, please feel free to contact me.

Yours truly,

Andrew Jewell
Public Work Manager
